BOOK SYNOPSIS

Kelly Harlands stories explore her sons life to the age of 14, and the new and unexpected universe she and her husband - both professional musicians - must learn to navigate with him. Wills fears, anxieties, and obsessions can dominate daily life, making a trip to the grocery store seem like a walk across a minefield. But amidst these unpredictable flip-outs and freak-outs, there are moments of wonder. When Will finally learns the give and take of conversation, or dreams about his future, it rekindles his mothers belief that anything is possible.
