BOOK SYNOPSIS

Designed to help law students write and publish articles, *Academic Legal Writing* provides detailed instructions for every aspect of the law school writing, research, and publication process. Topics covered include law review articles and student notes, seminar term papers, how to shift from research to writing, cite-checking others work, publishing, and publicizing written works. With supporting documents available on <http://volokh.com/writing>, the book helps law students and everyone else involved in academic legal writing: professors save time and effort communicating basic points to students; law schools satisfy the American Bar Associations second- and third-year writing requirements; and law reviews receive better notes from their staff.
