BOOK SYNOPSIS

Law School Confidential is written for students about to embark on this three-year odyssey by students who have successfully survived. It demystifies the life-altering thrill ride that defines an American legal education by providing a comprehensive, blow-by-blow, chronological account of what to expect. It arms students with a thorough overview of the contemporary law school experience. This isn't the advice of graying professors or battle-scarred practitioners decades removed from law school. Miller has assembled a panel of recent graduates to act as "mentors", all of whom are perfectly positioned to shed light on what law school is like today. From taking the LSAT, to securing financial aid, to navigating the notorious first semester, to taking exams, to applying for summer internships, to getting on the law review, to tackling the bar and beyond...this book explains it all.
