BOOK SYNOPSIS

The Google Apps Guidebook is a set of student created lessons, activities and projects for educators to use in their classrooms. Each lesson connects with a component from the Google Apps for Education suite. The Guidebook takes teachers step by step through the entire process of introducing Google Apps to their students. Each chapter introduces an engaging project that applies numerous aspects of each tool. Projects are differentiated for a variety of age ranges and can be adapted for most content areas. Upon completion, students will have a thorough understanding of the tools included with their Google account and a collection of cool projects they created!
